SENATE CONTROL STILL IN DOUBT; HOUSE ASSURED

Republicans Make Further Gains When South Dakota Files Report.

REPUBLICAN MAJORITY 41

Next House Will Be Composed of at Least 236 Republicans to 195 Democrats and Lead of the G. O. P. Is Expected to Be Materially Increased.

WASHINGTON, Nov. 7.—Control of the Senate still remained in doubt early today on the face of returns from three states where contests between Democratic and Republican candidates continued close as the count progressed.

The Republicans further increased their majority in the House when South Dakota was conceded to them. Three seats, one each in South Dakota, New Mexico and Montana are yet in doubt.

The standing of the two parties in the next House without the three doubtful districts is:

Republicans, 236.
Democrats, 195.
Republican majority, 41.

In the Senate, without the three doubtful states, there are 47 Republicans and 46 Democrats.

SUCCESS OF CAMPAIGN A FINE TRIBUTE TO STATE CHAIRMAN W. E. CROW

The magnificent results achieved by the Republican party at Tuesday's election is itself a splendid tribute to the state, Chairman W. E. Crow, under whose direction the campaign was conducted which resulted in the election of the entire state ticket and the restoration to the Republican column several Congressional districts which in an hour of temptation and eagerness had gone over into the Democratic camp two years ago.

Aside from the credit that is due Chairman Crow for his skillful leadership in opposition to the determined and desperate efforts of the enemy party, his return to membership in the State Senate constitutes an expression of confidence that is not shared by any other candidate.

Without having made an effort whatever in his own behalf, a candidate, but bending all his energies for the success of the whole, Chairman Crow not only outdistanced his Democratic competitor by 417 votes, but led the ticket in the county by 421 votes.

Senator Crow is today receiving the sincere and hearty congratulations of his friends and admirers in the ranks of both parties over his return to the position in the legislative councils of the state he has so long filled with fidelity to the best interests of the commonwealth as a whole.

SWEEP WESTMORELAND

Whole Republican Ticket Goes Through With Ease.

GREENSBURG, Nov. 7.—Latest figures on the election in Westmoreland county on Tuesday show that every Republican candidate has been elected by majorities ranging from 2,900 to 900 votes.

E. E. Robbins, re-elected to Congress from the 22nd district, is probably high man on the ticket. He has carried the county by 3,500 votes and the district by about 4,500.

Superior Court Judge John W. Keppert carried every election district in the county but two, Arnold and Beatty. In the first legislative district, out of 67 precincts, John B. Colden has 1,847; Thomas M. Whitman, 1,161; George R. Bryson, Democrat, 910, and C. A. Sherick, Democrat, 918.

In the second legislative district, 15 out of 126 precincts, Rev. Edward F. Bungard has 2,278; Dr. Edward W. Day, 4,169; J. Grant McCreary, 2,153; Samuel E. Patterson, Democrat, 2,924; Dr. David R. Shepler, Democrat, 3,214.

The good road's amendment carried a county by a large majority. The vote, "Yes," 7,659; "No," 2,293.

New Superintendent.

GREENSBURG, Nov. 7.—John A. Hart of Stailestown has been elected superintendent of the county home to fill the vacancy caused by the death of Herman Hamel. Mrs. Brant was elected matron.

WITHIN FEW HOURS HIGH COMMAND WILL KNOW THE TERMS FOR ENDING STRIFE

Allied Commander Names Place for the Preliminary Interview; News Causes Deep Impression in France.

NO LONGER ANY DOUBT OF GERMANY'S SITUATION

WASHINGTON, Nov. 7.—Within a few hours the German high command will know the terms upon which the plea of the German government for an armistice looking towards peace may be granted. Unofficial dispatches received early today said the German delegates reached the Western Front and crossed into the Allied lines last night and were received by Marshal Foch at daylight this morning.

LONDON, Nov. 7.—Marshal Foch, the Allied commander in chief, has notified the German high command that if the German armistice delegation wishes to meet him it shall advance to the French lines along the Chimay, Pourmies, LaCapelle and Guise roads. From the French outposts the plenipotentiaries will be conducted to the place decided upon for the interview. The name of this place is not given in the official text of the note from Marshal Foch.

PARIS, Nov. 7.—News that a German white flag party had left for the front made a deep impression in France where the prompt action of the German government took the public by surprise. The last lingering doubt as to Germany's sincerity in asking for the Allied terms for an armistice, still held in certain quarters, seemed to be removed. On the contrary the impression now held is that Germany is really worse off than generally believed.

WITH THE AMERICAN ARMY ON THE SEDAN FRONT, Wednesday, Nov. 6.—(11 P. M.)—The great victory which the French and the Americans have driven into the German lines west of the Meuse is within four miles of Sedan tonight. During the day the Americans at one place advanced over four and a half miles. Great quantities of stores, many railroad cars and equipment, and enormous amounts of war material have been captured.

PURSUIT OF RETREATING
TEUTONS RESUMED.

PARIS, Nov. 7.—Along the entire French front the pursuit of the retreating Germans was taken up again this morning, according to today's war office announcement.

The French have thrown cavalry into the action on their right where the mounted troops are pushing in the direction of the Meuse.

BRITISH NEARING
BELGIAN BORDER.

LONDON, Nov. 7.—British forces are continuing their progress along the Franco-Belgian battle line, north-east of Valenciennes, according to Field Marshal Haig's report today; they have reached the outskirts of Quivrain and Crestin, close to the Belgian border.

GERMANS ABANDONING
CITY OF GHENT.

ON THE BATTLEFRONT IN BELGIUM, Tuesday, Nov. 5.—(Night)—A wireless dispatch was received here this afternoon at the headquarters of General Beaulieu from the Germans saying that they had decided to abandon Ghent, asking the Belgians not to fire on the suburbs of the town where white flags were raised.

American troops from Ohio, under the command of General Farnsworth, played a great part in the release of the city by an attack on the Becke station, 16 miles southwest of Ghent, which was taken by storm yesterday. Their losses were comparatively light.

Disposed of in Will of Major Anderson, 110th, Killed in Battle.

GREENSBURG, Nov. 7.—The will of Thomas B. Anderson, of Latrobe, major in the 110th Infantry, who fell in battle in France, was admitted to probate by Edward A. Cremer, registrar of wills, yesterday. Major Anderson left his entire estate to his widow Ruth J. Anderson, and named her as his executrix.

The will is dated February 4, 1908. An estate of over \$100,000 is disposed of by the will.

XMAS BOXES READY

The 23rd Congressional district, normally Republican, will be represented in the next Congress by a Republican. Complete unofficial returns from the three counties in the district—Payette, Somerset and Greene—show the election of Samuel A. Kendall of Meyersdale, the Republican candidate, by 649 votes over Bruce P. Sterling of Uniontown, Democratic incumbent.

Congressman Sterling carried Fayette county by 851 and Greene county by 958, or a total of 1,809. He lost Somerset county by 2,495 votes, making Kendall's majority 649. This is exclusive of the soldier vote but it cannot be conceived that the result will be materially changed.

Outside of Congressman Sterling the Republicans carried Fayette county overwhelmingly. Senator W. E. Crow, candidate for re-election to the State Senate, led the ticket, defeating his opponent, William M. Rhodes, by 4,417 votes. Senator Crow's vote was 3,603, he having led Senator Sprout by 421 votes.

The entire county legislative ticket was elected by a handsome majority. Merchant L. Collier, in the First Legislative district, was elected over A. J. Gans, Democrat, by 906 votes.

In the Second Legislative district the vote for the Republican nominees and for the Democratic nominees varied but a few votes, the Republicans in each instance being elected by a majority well above 2,000 votes.

Duncan Sinclair, candidate for re-election, led the Republican legislative district ticket, having polled 6,244 votes. Ernest R. Kooser, of Connellsville, was second, with 6,205 votes, and Russell B. McIntyre, of Uniontown, was third with 6,135 votes.

So far no effort has been made to tabulate the returns in the Judiciary campaign or for the amendments. The good roads amendment is believed to have received a heavy majority in the county, while Keppert and Simpson, for Supreme Court judges, and Porter, for Superior Court judge, apparently have a large plurality from Fayette county.

BATTLESHIP KAISER SEIZED BY MUTINEERS; ANOTHER IS REPORTED IN THEIR HANDS

Infantry Sent to Quell Trouble Join the Revolutionists; Officers are Slain; Machine Guns Busy.

ARTILLERY ROARS IN THE STREETS OF HAMBURG

LONDON, Wednesday, Nov. 6.—Members of the battleship Kaiser, at Kiel, have mutinied and hoisted the red flag. Officers attempting to defend the German flag were overpowered and two of them, including the commander, were killed. A number of others were wounded, according to the Cologne Gazette.

Three companies of infantry were sent from Kiel to restore order. They immediately joined the revolution and a fourth company was disbanded. During last night Hussars sent to Kiel from Wandsbeck were encountered outside of Kiel by sailors armed with machine guns and forced to turn back.

The soldiers' council has decided that all officers must remain at their present posts, but must obey the council which controls all food supplies. Machine guns are mounted in various parts of the city.

An Amsterdam dispatch to the Exchange Telegraph company says that two battleships, the Kaiser and the Schleswig-Holstein, were seized by the mutineers and that 29 officers, including two captains, were killed.

It is reported that the garrison at Kiel refused to march to the harbor and that the sailors threatened to blow up the battleships if attacked.

COPENHAGEN, Nov. 7.—A revolt has broken out in Hamburg, according to a dispatch from the correspondent of the Politiken at Vambrup. Violent artillery firing was in progress in the streets of the city when the correspondent's informant was deported, the latter declared.

REV. W. H. GLADDEN, M. P. MINISTER IS CALLED BY DEATH

Former Local Pastor Stricken While on Visit With His Son-in-Law in Uniontown.

Following an attack of acute indigestion, Rev. William H. Gladden, a Methodist Protestant minister for 40 years, died last night at 7:45 o'clock at the home of his step-son-in-law, Dr. P. F. Smith of Uniontown. Rev. Gladden had been ill of diabetes for the past six years but was able to be about. Sunday afternoon, accompanied by Mrs. Gladden, he went to Uniontown to visit Dr. and Mrs. Smith and on Monday morning he suffered an attack of acute indigestion, which was the immediate cause of his death. He was conscious until death. The body was brought to Connellsville this morning and removed to the Gladden home in Eighth street, Greenwood, where funeral services will be held Saturday afternoon at 2 o'clock, with Rev. C. M. Lippert of Pittsburg, president of the Pittsburg Methodist Protestant conference; Rev. George C. Sheppard of Washington, Pa., and Rev. A. E. Fletcher of Pittsburg, among the officiating ministers. The interment will be made in Hill Grove cemetery.

Rev. Gladden was born at Hices Landing, Fayette county, a son of the late Thomas and Martha Gladden. He spent his boyhood and early manhood at Waynesburg, his parents moving there when he was quite young. Rev. Gladden attended the Waynesburg public schools, and later studied literature under Prof. Byron King of Pittsburg. He then studied for a minister and was ordained 40 years ago. He was one of the most widely known ministers of the Pittsburg conference, having filled the pulpit of many churches in this vicinity and more distant points. For four years he was pastor of the Methodist Protestant church here and at the time of his death he was supplying the Percy church. Among the other charges filled by Rev. Gladden were at Uniontown, Youngstown, O., New Brighton, the Fairchance circuit, Houdlandale and Rogersville. After serving as pastor of the Connellsville church Rev. Gladden was transferred to Youngstown, O., remaining there for two years. At the expiration of that time he was appointed pastor of the Rogersville church, remaining there for two years. His next charge was at Houdlandale, having served two years when he was taken ill and superannuated.

87TH ANNIVERSARY

Of Mrs. Anna Weber is Celebrated at Meyersdale.

Mrs. Anna Weber celebrated her 87th birthday Tuesday at her home at Meyersdale, a birthday dinner, at which for the first time in many years only the immediate members of the family were present, being served at noon. During the day many friends of Mrs. Weber called and congratulated her upon the happy occasion. She also received many gifts, congratulatory letters, flowers, etc.

Mrs. Weber is the widow of George Weber and has resided at Meyersdale since 1893. She has four daughters, Mrs. Anna Harley of Meyersdale, formerly of Connellsville; Mrs. Mary McKendzie and Misses Emma and Margaret Weber, at home.

Among the young men at Camp Lee receiving lieutenant's commissions recently are: Milton T. Stewart, Somerset; Harry C. Runge, Somerset; and John C. Belbar, Uniontown.

MOVIES REOPEN SATURDAY NOON; SALOONS ALSO

Children Will Not Be Permitted to Remove Books From Schools For Week.

SIMILAR RULE AT LIBRARY

Only the Time is Longer—10 Days; If Disease Shows Signs of Renewed Outbreak Restrictions Will Again Be Imposed, Health Board Has Decided.

At a meeting of the board of health held last night, noon on Saturday, November 1, was set as the opening hour in Connellsville for theatres, bars, poolrooms and other amusements. The churches will reopen the Sunday following and on Monday the public and parochial schools will resume. At the same time all social gatherings will again be permitted. Private funerals will be continued however.

The city authorities will inspect the moving picture theatres for a period of a week or 10 days to see that they are kept well ventilated and that all accumulations are cleaned up, in order that there will be no fresh outbreak of the disease. The superintendent of schools and the medical supervisor will have charge of the school situation and reports on the number of students absent or any new cases will be made to the board of health.

The board of health also adopted a resolution to allow the delivery of alcoholic liquors to hotel bars to begin on Friday at noon, in order that the bars can stock up.

Dr. T. R. Francis, president of the health board, pointed out that as he had been in close touch with the situation he believed it was now permissible to remove the ban in the city. He added that if a fresh outbreak occurred in a period of a week or 10 days the restrictions will again have to be clamped on.

S. P. Ashe, superintendent of schools, was present and when asked when he would like to open the schools said the school board was willing to abide by any decision of the health board, although the authorities were anxious to resume studies as soon as possible. Mr. Ashe pointed out that the teachers who had been nursing during the epidemic had had practically a week's rest and were ready to return to the classrooms. The ban was removed beginning Monday.

The school books, however, will not be taken from the schoolrooms by the students for a period of a week. The move is only precautionary as there is little likelihood of the circulation of the disease through the school books as each student has his or her own and they do not pass from one student to another.

Although the Carnegie library will open Monday no books will be permitted to go into circulation for a period of 10 days. The life of an influenza germ is short except when on the human body and if the books are not handled for several days it is felt there will be no danger of circulation of the disease from the library.

Private funerals will be continued until December 1. In taking action on funerals, the board of health followed the ruling made by the state board of health that private funerals should not be discontinued immediately, no matter what the cause of death.

After the influenza ban had been lifted by the board of health, the question of raising the salary of the health officer was taken up. Health Officer George Hetzel some time ago petitioned the board for an increase, and it was promised him then that his stipend would be increased if those of the police and firemen were. The police increase was granted by council, dating from September 1. Hetzel's wages were, therefore, increased \$15 per month, to \$390, dating from October 1. Hetzel said he thought he should be granted the increase from September 1 as he had to pay \$10 from his own pocket for a hole which was burned in a carpet some time ago, when the support of his formaldehyde can slipped and allowed the hot container to fall on the rug burning a hole through it.

Secretary Blaser said there was insufficient money in the appropriation to complete the year if the wages were raised to \$390 a month, but Mayor John Duggan, who was present at the meeting, said council would find a way to meet the deficiency.

Vanderbilt Republican.

Vanderbilt, at Tuesday's election, polled 77 votes for Kendall for Congress to 54 for Sterling. Senator Crow polled 89 and Rhodes 64 for State Senate. For assembly the vote was Kooser, 82; McIntyre, 76; Sinclair, 76; Howard, 42; Schuyler, 76; Snyder, 62.

Somerset County Completely Wipes
Out Advantage of Fayette Countian.

With but one precinct in the 23rd district missing the election of Samuel A. Kendall, Republican of Meyersdale, to Congress over Bruce F. Sterling, Democrat, by a majority of 787 was claimed this afternoon at Republican headquarters in Uniontown. Figures at 2:30 o'clock show the following:

Greene county, complete, Sterling's majority, 975.
Fayette county, Georges township missing, Sterling's majority, 696.
Somerset county, complete, Kendall's majority, 2,458.

This would make Kendall's majority in the district 787.
The following totals were announced this afternoon for assembly in the Second Fayette county district, one district being missing:

Kooser	6,131
McIntyre	6,112
Stinchair	6,113
Howard	3,553
Schuyler	3,552
Snyder	3,572

Congressman Sterling admitted this afternoon that without practically the whole soldier vote he is defeated. According to figures conceded at Democratic headquarters complete figures show that Sterling carried Greene county by 993, Fayette county by 1,127 and that he lost in Somerset county by 2,475. This gives Kendall a lead of 365. Sterling said he would not concede the election of his opponent until the soldier vote was in; that he was confident of receiving a large share of it. The soldier vote is estimated at 400 for the district.

REPUBLICANS WILL CONTROL NEXT HOUSE

By Associated Press.
NEW YORK, Nov. 6.—The next House of Representatives will be Republican on the face of latest returns. The political complexion of the Senate is still in doubt.

To the House 219 Republicans apparently had been elected and 183 Democrats together with one Socialist and one Independent. Definite returns from 31 districts were missing or in doubt. The 219 Republicans constitute a majority in the House, which has 435 seats.

The latest Senate figures were so close as to make it certain that probably not until all the returns were received from seven doubtful states could it be determined whether the Republicans or Democrats were to control.

The Democrats, according to available returns this afternoon, have 45 seats in the Senate and 132 Republicans 44. No definite results have been announced in the contest in Michigan, Montana, Nevada, New Mexico, Oklahoma, Oregon and West Virginia, but indications favor Republicans in four of these states and the Democrats in three.

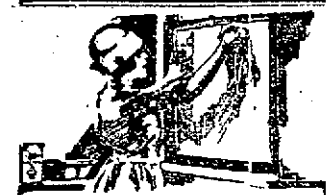

Republican senatorial candidates won seats now held by Democrats in Colorado, Delaware, Idaho, Illinois, Kansas, Missouri and New Hampshire. The Democrats succeeded in winning one seat formerly held by the Republicans in Massachusetts.

GERMAN ARMISTICE ENVOYS BOUND FOR THE BATTLE FRONT

By Associated Press.

BERLIN, via London, Nov. 6.—An official statement issued here today says: "A German delegation to conclude an armistice and take up peace negotiations has left for the western front."

GERMAN RESISTANCE ON SEDAN FRONT INCREASES. WITH THE AMERICAN ARMY ON THE SEDAN FRONT, Nov. 6, (12:30 P. M.)—German resistance against American pressure west of the Meuse stiffened considerably today. The Germans are using artillery and machine guns.

The village of Beaumont, where there are more than 400 French civilians, is the particular target of the Germans. All last night they deluged Beaumont with poison gas.

The retreat of the Germans along the whole of the French front continues, according to the war office statement today. The French are in contact with the enemy rear guards. North of Marle the French have passed beyond Voharies, five miles southwest of the important railway junction of Vervins. Italian troops have occupied LeChuel, four miles northeast of Mont Cornet.

The French have crossed the Aisne on both sides of Bethel capturing Berry, west of Trarcel. North of the Argonne the French also have moved forward reaching the outskirts of La Metz and La Camille.

REPPERT LOSES ARM

Local Soldier is at Debarcation Hospital and Coming Home Soon.

Howard Reppert, who was wounded in action in France on July 15, arrived in the United States on November 3 and is in a debarcation hospital at Fox Hill, Staten Island, N. Y., according to a letter written by the wounded soldier to his parents, Mr. and Mrs. F. L. Reppert of East Murphy avenue.

Reppert, who was attached to Company M, 112th Infantry, sacrificed his left arm and was also gassed and wounded in the hip with a shell. Howard writes that he was sorely glad to get back to God's country and asks his mother to send him something to eat and all the copies of The Courier she can find. Since leaving the states the young soldier received none of his letters or papers sent from Connelville. Mr. and Mrs. Reppert will leave tonight for Staten Island to see their son.

DRAFTES LEAVE MONDAY

Orders Are to Board Special Train at 9:10 P. M.

Draftes from Connelville will leave here for Camp Meade, Md., on November 11 at 9:10 o'clock in the evening. A special train will take the draftees to the training camp via Cumberland. Local Board No. 5 will send 31 men and Local Board for District No. 2, 21.

The men of District No. 5 will report at the office of that board on Monday afternoon, November 11, at 4 o'clock. The men of District No. 2 will report at the armory. Five additional men have been called by Local Board for District No. 5 to go to Camp Meade on November 11. They are: George McDowell, Chalk Hill; Amos Tressler, Ohio; Milton David, Dunbar; Fred Cuppet, Somerset; and Charles McManus, Vanderbilt.

PRIVATE REED WOUNDED

Millinery That Pays Tribute to Winter

Along come the hats of midwinter, like it has its coronet covered with tiny wings not larger than the wings of a big butterfly.

Just below and at the right there is a hat of velvet and long-haired beaver in taupe gray. Its coronet is of plain velvet with an overlapping crown of the beaver cloth. It is the two immense pasties made of a striped beaver that win for this hat its coronet right to be classed as a novelty. One of them is fastened against the shape at the left side and the other lies across the back. Fancies there are in infinite variety, but none ever save a striped blossom. That is reason enough for the ingenious milliner to make a plant blossom with striped petals—when she is in quest of something odd.

At the left a dished hat of plain velvet, trimmed with two handsome ostrich plumes, leaves all running after strange rods to the younger generation. This is a matron's hat and fulfills its mission perfectly. With the most beautiful of winter fabrics and the most splendid of all feathers, it proclaims that nothing new under the sun quite equals it for elegance.

GRANDMA NEVER LET HER HAIR GET GRAY

She Kept Her Locks Dark and Glossy, With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyneth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and lustrous.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyneth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

IS EVERYBODY USING TONSILINE!

The Spanish influenza epidemic has meant a wonderful increase in the sale of Tonsiline—The National Sore Throat Remedy.

The moment medical authorities advised frequent use of an effective gargle to sterilize the throat, which these deadly germs must use as a gateway and breeding ground in entering the body, countless families went to their medicine shelf or sent to the nearest drugstore for a bottle of Tonsiline.

Also, the majority of those afflicted with the dreaded malady found themselves suffering from decidedly sore throats and many of them have renewed their faith in this time tried remedy.

For more than a quarter of a century Tonsiline has been relieving most of the sore throats in the territory where it was sold. This record stamps it as being particularly indicated right now as a preventative and relief in doing its share toward ending the present situation. It is as safe as a Liberty Bond.

GANS STATION STOCKMAN DEMONSTRATES HOW HOGS CAN BE RAISED AT PROFIT

Farmers of Fayette county are called upon to increase the production of pork and the way to success is pointed out in a circular mailed by the county farm agent. It reads as follows:

"The United States government estimates a larger exportation of pork in the year 1919 than during the year 1918. To meet this increased exportation of pork, there is but one thing to do, that is for the farmers of the United States to raise more hogs. As farmers this is our patriotic duty."

"The number of brood sows that Fayette county must keep more than last year is 275. This can be done and done at a profit which during the past season has been demonstrated on one of our farms, namely the farm of T. W. Gans, Gans station."

"Last spring when Mr. Gans told former County Agent P. B. Dougherty that he was selling his spring pigs at \$13 a pair, Mr. Dougherty kindly

informed him that he was losing money. These remarks were the cause of Mr. Gans putting out a system of forage pastures on which he pastured 14 of his spring pigs up until the fall. When the results from running these pigs on pastures were compiled they showed that every cost that could be attached to the pigs amounted to \$8.41, for 100 pounds gain. The average gain per pig was 153 pounds, the initial weight being 34 pounds, making a final weight of 187 pounds. Mr. Gans sold these pigs at \$20 per hundred leaving a net profit of \$11.59 per hundred. This is not an unusual case and the same thing can be duplicated on the average farm in Fayette county."

"Thus, our patriotic duty is to produce pork. The above demonstration proves that we can produce it at a profit. The Farm Bureau stands ready to cooperate with you in every way possible."

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble, Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food, ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any drugstore a few ounces of Bisulphate of Magnesia and take a teaspoonful in a glass of water, night after night.

This will drive the gas, wind and float right out of the body, soothe the stomach, neutralize the excess acid and prevent its formation and there is no soreness or pain. Bisulphate of Magnesia in powder or tablet form never hurts or irritates. It is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Adv.

today or tomorrow for some other hospital. This is the fifth hospital I have been in since I was gassed. If I keep on traveling I will soon have been all over France.

"It is two weeks today since I was gassed. It was a nice warm day and we were all anxious to get the Germans out of their holes so when the time came to go over the top we went, and there is where the fun started. It was not long until we captured the town and it was there we ran into the gas.

"Just before we came to the town we went through an open field. I saw a little billy goat eating grass. It did not notice old Fritz' shells. One of them landed close to Billy and he did not eat any more grass.

"I met several of the boys from my old outfit here, the first time since I left the states. Dunbar and I went out for a walk yesterday. He is the fellow with whom I had my picture taken. I haven't yet run across Tom Morris. I would like to see him."

GAS MASK DAY

Saturday, November 9, is Designated for Collection of Fruit Pits.

Saturday, November 9, has been designated as Gas Mask Day, the purpose of which is the collection of fruit pits and nut shells for the Gas Defense Division of the United States Army. Carbon is produced from these fruit pits and nut shells. Collection centers have been designated at different points in the United States, the nearest to Fayette county being, Pittsburgh. The address to which material in Pittsburgh is sent is Pittsburgh chapter, American Red Cross, care Mustang & Lake Erie freight station, South 22nd street.

The Gas Defense Division of the Army has issued the following instructions:

First—It is preferred that collections be sent to collection centers by parcel post in bags or packages not exceeding 70 pounds in weight.

Second—In case where a carload or several tons of pits and shells have been collected, and consolidated at points not designated as collection centers, such quantities can be shipped direct to the government plant by freight.

If any large collections of this material have been made by any mercantile establishment in the county, and they desire complete shipping instructions and a government bill of lading, they can be obtained by making application to the Pittsburgh address above given. In making such application the approximate weight of the material ready for shipment and the nearest railroad should be given. All shipments made to the collection center in Pittsburgh should be prepaid, and a bill rendered to the Fayette County Chapter American Red Cross, who will reimburse the party or parties for any charges or expenses in connection with said shipments.

Beggars Were Wealthy.

Several beggars who, for a number of Sundays, made themselves conspicuous by stopping people on their way to church and asking alms, were arrested in New York city. Upon being searched at police headquarters, it was found that each one of them possessed a large roll of bills. One of them, it is said, had in his possession deeds to several valuable parcels of land.

INFLUENZA IS SUBSIDING ALL OVER THE STATE

In Some Sections, However,
Epidemic is Still Se-
verely Felt.

TOTAL OF DEATHS IS 35,575

Over 200 Emergency Hospitals in
Operation for the Care of Sufferers
From the Malady; In Most Instances
Demand for Nurses Has Been Met.

HARRISBURG, Nov. 7.—According to reports received last night at the office of the state department of health the epidemic of influenza is subsiding rapidly, although there are still a few sections where it is now about at its height.

The number of deaths each day is also notably diminishing, there being a total of only 987 deaths from influenza and pneumonia reported for the 24 hours up to 1 P. M. yesterday.

Conditions in the city of Erie continue bad, there being 187 new cases there. Conditions are improving rapidly throughout Armstrong county. Washington county also shows improvement. A total of 3,223 new cases was reported from 21 counties during the last 24 hours. The total number of deaths from influenza and pneumonia since October 1 is 35,575.

There are now 204 emergency hospitals in operation throughout the state caring for influenza sufferers. The demand for doctors and nurses has apparently been met, as few calls are now being received by the state health department. The emergency hospital at Lykens was closed today. This hospital cared for 264 patients and had 21 deaths.

JOHNSTOWN, Pa., Nov. 7.—The influenza situation in this county continued to improve in the last 24 hours, and health authorities are convinced that no mistake has been made in the lifting of the ban against public gatherings, effective at noon tomorrow. Harrisburg and Spangler, where the disease claimed many lives and where the patients numbered more than 1,000, reported six deaths today, but only 18 new cases. In other districts the conditions are of an encouraging nature. Only 29 deaths have occurred in the city and county in the last two days as a result of the epidemic.

"SHIP-STOP" SAVING

Estimated to be Over \$47,000 Tons of
Coal During Past Six Months.

Six months' operation under the "Ship-Stop" system adopted by the state, railroads of the country as a coal conservation measure, shows a saving in coal of 1,000,000 tons, equivalent to 21,000,000 bushels of coal, according to figures furnished by the Pennsylvania Fuel Administration.

Manufacturers reported the greatest saving of 65,000 tons; Pennsylvania comes next with 100,000 tons.

SHARKS AND SEAGULLS GIVE SUBMARINE CHASERS TIP AS TO LOCATION OF SEA WOLVES

(Correspondence of Associated Press.)
ON BOARD AN AMERICAN DESTROYER IN FRENCH WATERS, Sept. 26.—Sharks and seagulls, the scavengers of the sea, have learned to follow in the wake of the submarine chasers and wait for the food likely to come from the wreckage of merchant vessels destroyed by the German sea wolves. This fact has been observed by the commanders of American destroyers and is used as a clue to hunt down the Hun at sea.

The presence of schools of sharks and flocks of seagulls near the merchant ships, the appearance of sharks and birds usually means that there are submarines around.

EXCITEMENT IN FULL MEASURE, WRITES GRAHAM

Husband of Local Woman Tells of His
Duties as Member of the 35th
Ammunition Train.

Having ammunition to the men at the front is full of excitement, as a letter from Corporal Arthur Graham, of the 35th Ammunition Train, in France, to his wife of this city indicates. He says:

"We have some very exciting times when the big shells come close. Then our batteries launch our shells for us. Once the Yanks brought down four planes in 10 minutes. We call this our best after each meal. I saw Ray McCormick, Jake Davis and Wallace Austin and had a short talk with them. I have been kept busy bringing in truck loads of wounded. I crossed the battlefield Saturday just after the battle and it certainly is terrible to witness the sights there. Well I am feeling fine these days and am certainly would laugh to see me in front of my dugout, sitting on a box of explosives with a board across my knees for a desk. My dugout is 10 feet under ground. There is just room enough for two. We have candles for lights. We get plenty to eat but I have not had any candy or fruit for three months. I have just completed washing my clothes and taking a bath in a tin can."

Private Graham sent his wife a piece of German gun and four souvenir postcards.

Nov. 7.—L. E. Coke Rates.
The Pittsburgh & Lake Erie railroad has been authorized to revise its tariffs, naming rates on coke from Glassport to various destinations so as to restore differential basis on coke, carloads, from Glassport as compared with the rates from Connelville district, proper differentials being 10 cents a ton under the Connelville rate.

Had 17-Year Nap.
Some time ago a woman in Brussels was aroused by church bells ringing in consequence of a fire. She had been asleep for nearly 17 years. When she awoke she was in perfect health and remembered in detail events that had taken place 17 years ago, before she fell off into her long nap.

Ruddy Cheeks—Sparkling Eyes—
Most Women Can Have

Says Dr. Edwards, a Well-Known
Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets gas wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

Influenza Epidemic Lessen-
ing, Health Board Of-
ficial Says.

CLOSING ORDER STILL IN EFFECT

No Inking Yet. Officially, as to When
Churches and Schools Will be
Reopened; Prof. Ballantyne's Wife
and Children Ill; Other News of Day

Special to The Courier.

SCOTTSVILLE, Nov. 7.—Dr. Shiley, secretary of the local board of health, yesterday said he thought the epidemic is lessening. But as yet there has been no time set when the schools or churches might open.

Wife and Children Ill.
Prof. Oscar P. Ballantyne, who has had charge of the emergency hospital at the Y. M. C. A. here, was called to his Sharon home on account of the illness of his wife and two children.

At Camp Taylor.
Joseph Knowles left yesterday to report at Camp Zachary Taylor, Louisville, Ky., where he will enter the officers' training school. Knowles is a son of Mr. and Mrs. Michael Knowles of Broadway and is a graduate of the high school, class of '18. He also attended the Reserve Officers' Training school in Pittsburgh this summer.

Personal.
Frank Lowelien, stationed at Camp Greenleaf, is home on a furlough, visiting his parents, Mr. and Mrs. Lee Lowelien.

Mr. and Mrs. Frank Thomas and family were here from Derry to attend the funeral of Mrs. Thomas' sister, Miss Lydia Titterton.

Dr. Lloyd, resident physician at the Y. M. C. A., spent yesterday in Pittsburgh.

HAD SOME EXCITEMENT
And Command to Which Scottdale Boy
Is Attached Was Worried, Too.

"Just a few lines to tell you that I have arrived somewhere in France and am feeling fine," says a letter from Charles Shaffer of Scottdale to his parents, Mr. and Mrs. L. D. Shaffer.

"We were glad to get on shipboard at Newport News and just as anxious to get off. I did not get seasick. We had nice weather except for a few storms, when the ship certainly did rock. Friday night before we landed I got a ducking and nearly froze the rest of the night."

"We had a little excitement on our way over and I think we were all a little worried. All we could see for 14 days was sky and water. We have moved from the rest camp. I didn't see where anybody got much rest. We have moved up the line further and have a nice place, but plenty of work. I saw Juy Evans and the bunch of boys but did not get to talk much with them for we were moving out of that camp. Frank Hines is in our camp. Tell all the boys to write."

STORIES OF HUNS' DEVILISH, INHUMAN TACTICS ARE TRUE

Misuse of Red Cross Flag to Entrap and Kill Allies Established.

OFTEN USE CHURCH TOWER

At First Americans, Used to Fair Play, Fall Into the Snare But They Soon Came to Look Out for This Form of Atrocity; Now the Boche Suffers.

By Associated Press.

WITH THE AMERICAN ARMY IN FRANCE, Nov. 7.—Misuse of the Red Cross emblem by the German army is bringing bitter comment from American officers in position to know what is being done. A lieutenant in the medical corps and an infantry officer assert that "all the stories told about the German army's devilish and inhuman tactics are true."

Taught to respect the Red Cross flag, American troops were led into many an ambush by Boche trickery in the display of this insignia. And what has incensed the Americans the most is the fact that the Germans refused to recognize the Red Cross emblem at any time.

"Before going to the front I was inclined to doubt some of the stories being circulated about the Germans," said the medical officer, "but after one month in the front lines I can believe anything that is said against them. They are so guilty of inhuman and barbarous acts themselves that they refuse to respect the use of the Red Cross by the Allies. Their use of the Red Cross insignia is one of the biggest crimes they ought to be made to answer for after the war."

One of the tricks used by the Boche was to plant a Red Cross flag in the tower of a church of a village in the path of advancing Americans. Respecting it, the infantry would not call for any concentration of artillery fire on these buildings.

The American troops upon taking one particular village advanced upon a church, from which was displayed a Red Cross flag, without suspecting any trick. When they were within short range, a murderous machine gun fire was poured into their ranks from the windows and towers of the church. When the Americans finally gained the interior, they found six machine guns, manned by a platoon of sturdy Boches—not a sign of any hospital or dressing station. Needless to say no prisoners were taken.

Compared to the German soldier of today who before the war was supposed to be civilized, the American Indian of frontier days is declared by an American medical officer to have been highly civilized.

"The Indian never pretended to be anything but a savage," said the medical officer, "while the Germans have been pretending to be peace loving and human for the past century."

Deliberate killing by German troops of Red Cross workers engaged in their work of mercy on the battlefields has aroused the wrath of American army officers. It is asserted that all during the Marne battle, the German aviators swept low over field dressing stations, pouring machine gun bullets into the medical units as they tended the wounded and dropping bombs on hospitals, although the Red Cross insignia was in plain view. The Hun snipers picked off Red Cross stretcher bearers as quickly as combatant soldiers.

"They acted just like cornered rats," declared an American infantry officer, "except that most of them did not have the courage to fight to the death. When they were surrounded and had no chance, they would come out of their machine gun nests with tears in their eyes and cries of 'Kamerad.' The German soldier in a pleading attitude is the most loathsome and despicable imaginable."

NO ONE CAN IMAGINE HOW ANXIOUS BOYS AT FRONT ARE FOR MAIL

Arrival of Newspaper Event of Importance in Life of Uncle Sam's Soldiers in France.

"You can't imagine how anxious we are to get mail," Again this oft-repeated expression, in substance, is heard from a soldier at the front. Corporal L. L. Lancaster of South Connellsville, a son of Mrs. Belle Lancaster, is writing to his sister, Mrs. O. P. Thomas of that place. "Luckily we got a paper this evening (October 11). It was dropped from an airplane. That was the first paper I had seen for two weeks. The mail clerk just told me there was more mail at regimental headquarters."

"It is now lunch time. We have bacon, beans, bread and coffee. They taste pretty good. I haven't seen a bit of ice cream since I came to France. Chocolates are scarce, too. I am crouched down behind the ruins of an old palace writing on a biscuit box."

Corporal Lancaster has heard the Germans have asked for peace terms and looks for the end soon. "We will be glad to see the U. S. A. again," he says.

Corporal Lancaster is a member of Headquarters Company, 315th Field Artillery.

Georgette Blouses

A series of pretty, plain-tailored models with neat little tucks divides popularity with the more elaborate styles showing silk and bead embroidery as well as more unique treatments of collars and cuffs. The color range offers choice of white, flesh, dark blue, mauve, plum, brown, gray and black. Prices begin at \$3.95 and go to \$18.50, with feature showings at \$5.95 to \$11.50.

C. de Chine Blouses

Tailored and dressy styles, as a rule rather simple in design, with high, low or round necks, and some with most attractive trimmings. Choice of white, black, flesh and several suit shades. A size range extending up to 64. Prices begin at \$3.95 and go gradually up to \$10.

Lingerie Blouses

Voile, batiste, linen and madras—each material shown in the style to which it lends itself most gracefully. The majority is plain white. A few have colored stripes or are embroidered in colors. Prices begin as low as \$1.00 and go up to \$11.50.

WE ALSO HAVE ready a complete stock of ladies' and children's Sweaters.

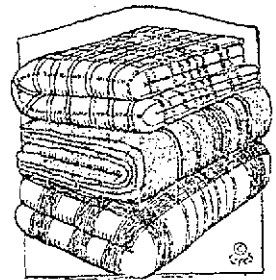

Distinctively favorable prices, as well as extensive assortments, are here to be taken advantage of in this sale of Winter Bedclothing.
